CHAMPIONS

Zambia · Orange Babies · 2023

Champions is a photographic series by Bastiaan Woudt, created in Zambia in October 2023 in collaboration with Orange Babies. The project marks the organisation's 25th anniversary and centres on a group of young Zambians who work within their own communities to break the silence around HIV.

The images do not document crisis. They show agency. Through Woudt's monochrome lens, these young adults become what they are: advocates, educators, connectors. Orange Babies calls them Champions. Woudt photographs them as heroes, warriors, kings and queens.
The project grew out of a personal decision. Woudt had wanted to use his work for a charitable cause for some time. When he connected with Orange Babies, the Champions programme resonated immediately. Not because of the scale of the HIV crisis, but because of how Orange Babies chose to address it: from within. Through people, not systems.
Woudt travelled to Zambia in October 2023 to photograph these Champions and the broader community they serve. The trip spanned roughly a week, moving through schools, compounds, and rural areas. The aim was never to photograph poverty or suffering. Woudt was looking for what he always looks for: form, dignity, presence.

BASTIAAN WOUDT

Bastiaan Woudt (b. 1987, the Netherlands) is a Dutch fine art photographer whose monochrome work is defined by graphic clarity, strong contrast and a deliberate use of negative space. His images strip away the incidental to reveal form, texture, light and shadow in their purest state.

His work has been exhibited internationally at galleries and institutions including Bildhalle (Zurich, Amsterdam), Atlas Gallery (London), Jackson Fine Art (Atlanta), Fahey/Klein Gallery (Los Angeles) and Jaeger Art (Berlin). His photographs are held in private and public collections worldwide, including the Getty Museum (Los Angeles) and the Rijksmuseum (Amsterdam).

Champions follows his acclaimed projects Peak (Nepal, 2020) and Rhythm (2021), continuing a body of work in which the photographer's direct engagement with people and place becomes inseparable from the work itself.

THE BOOK

Champions, published by 1605 Collective in October 2024, is a hardcover photo book documenting the full scope of the project. The images are presented without caption — they speak through form, contrast and the directness of the human gaze. It is the follow-up to Rhythm (2021), which celebrated Woudt's ten-year oeuvre.
